- **Mod+j/k** Focus stack up/down
- **Mod+Shift+j/k** Move window up/down entire stack
- **Mod+Control+j/k** Move window up/down only on master or slave stack
- **Mod+i/o** Increase/decrease number of master windows
- **Mod+Shift+i** Reset number of master windows
- **Mod+u** Focus master window
- **Mod+Shift+u** Swap window with master
- **Mod+y** Switch focus between master column/stack column
- **Mod+s** Switches to most recent window
- **Mod+semicolon** Mark window to be swapped
- **Mod+leftbracket** Swap focus to marked window
- **Mod+Shift+leftbracket** Switch window with marked window
- **Mod+h/l** Resize window left/right
- **Mod+Shift+h/l** Resize window up/down
- **Mod+Shift+o** Reset vertical window size
- **Mod+Shift+q** Kill window

## Layouts

- **Mod+r**
  - **T** master/slave layout
  - **F** floating layout
  - **M** monocle layout
  - **D** Deck layout
  - **C** centered master layout
  - **V** centered floating master layout
  - **S** Spiral/fibonacci layout
  - **A** Dwindle layout
  - **B** Bottom stack layout
  - **N** Bottom stack horizontal layout
  - **G** Grid layout
  - **H** Gapless grid layout
  - **K** Nrow grid layout
  - **L** Horizontal grid layout
  - **R** Reset placement/sizes of windows in layout
- **Mod+f** Toggle fullscreen
- **Mod+Shift+f**
  - **f** Maximize window (similar to monocle layout)
  - **h/l** Maximize window horizontally
  - **j/k** Maximize window vertically
- **Mod+Space** Toggle previous layout
- **Mod+Shift+Space** Toggle floating on window
- **Mod+Control+comma/period** Cycle layout prev/next

## Tag Movement

- **Mod+0** View all windows from all tags
- **Mod+Shift+0** Make window visible on all tags
- **Mod+Tab** Switch to previous tags
- **Mod+Shift+Tab** Open skippy-xd
- **Mod+Shift+s** Toggle a window to be sticky
- **Mod+comma/period** Focus monitor prev/next
- **Mod+Shift+comma/period** Focus tag on prev/next monitor
- **Mod+b/n** Focus prev/next tag (ignores vacant tags)
- **Mod+left/right arrow** Focus next/prev tag (including vacant tags)
- **Mod+Shift+left/right arrow** Move window to left/right tags
- **Mod+1-9** Focus tag 1-9
- **Mod+Shift+1-9** Move window to tag 1-9
- **Mod+Control+1-9** View different tag on current tag
- **Mod+Shift+Control+1-9** Toggle window to be viewable on certain tag
- **Mod+Control+Alt+1-9** Swaps contents of current tag with certain tag
- **Mod+Shift+F1-F9** Moves all content on current tag onto certain tag
- **Mod+Alt+comma/period** Moves all content on current monitor to

other

- **Mod+Control+comma/period** Swaps current monitor with other monitor

## Gaps

- **Mod+Alt+u** Increase all gaps 1px
- **Mod+Shift+Alt+u** Decrease all gaps 1px
- **Mod+Alt+i** Increase inner gaps 1px
- **Mod+Shift+Alt+i** Decrease inner gaps 1px
- **Mod+Alt+o** Increase outer gaps 1px
- **Mod+Alt+Shift+o** Decrease outer gaps 1px
- **Mod+Alt+0** Toggle gaps
- **Mod+Shift+Alt** Reset gaps to default

## Media Controls

- **Brightness up/down** Increase/decrease backlight
- **Audio up/down/mute** Increase/decrease/mute active speakers
- **Mod+F1** Mute mic
- **Mod+F2** Decrease mic volume
- **Mod+F3** Increase mic volume
- **Mod+Home** Alternate mute mic
- **Mod+Pgup** Alternate increase mic volume
- **Mod+Pgdown** Alternate decrease mic volume
- **Playpause/Previous/Next** Pause/play/skip back/skip next on current audio application
- **Stop** Stop currently playing audio

## Quit DWM

- **Mod+z** Rofi logout prompt
- **Mod+Shift+z** Quit DWM
- **Mod+Shift+Control** Restart DWM
